

NET Italia S.r.l. opens

May 2011 headquarters NET New Electronic Technology GmbH manufacturer and distributor of innovative machine vision systems founds NET Italia S.r.l.

Jean-Pierre Heinrichs (CEO NET GmbH) in agreement with Vincenzo Bava (CEO NET Italia S.r.l.)

NET Italia S.r.l. office in Brescia

NET Italia S.r.l. is being formed to expand its presence with an independent office and thus to work closely together with both its existing and new customers, supported by locally-based experienced NET employees using their knowledge of home market trends.

NET Italia S.r.l. offers an extensive and innovative product portfolio of the latest technical standard: specifically developed camera series such as GimaGo GigE Vision, iCube USB2.0, FOculus IEEE 1394 are available with CCD/CMOS sensors, allowing for easy and uncomplicated integration for uses ranging from industrial machines to medical devices. When it comes to offering exceptional customized solutions in the fields of industrial image processing and medical engineering especially in medical endoscopy and dentistry, NET Italia S.r.l. is able to rise to the challenge. In addition NET Italia S.r.l. offers all the accessories needed to complete each camera system, from a wide range of lenses, lighting and illumination down to the cable assemblies and peripheral devices.

With its headquarters in Germany and its offices in USA, Japan, and its new office in Italy NET is able to provide customers worldwide with the latest camera systems.
