+ + + + + + Rated current for PV-JB-LC/SP upgraded to 10A + + + + + +

Multi-Contact's single pole junction box PV-JB-LC/SP has been successfully tested and certified for a higher rated current of 10A according to DIN V VDE V 0126-5 05/08. This is four times as high as the previous rated current for this junction box type. The PV-JB-LC/SP for thin film modules is available with our connectors MC3, MC4 or MC4PLUS, and may be pre-assembled with leads of individual length in red or blue. The box is designed for manual installation with pre-assembled adhesive pads or with assigned silicone.
