

## Wunderlich GS Day 2018 – stollen, sunshine and sensa- tion

### A dusty delight!

GS-Day is when enthusiastic BMW GS riders meet at Wunderlich. It was that time again last Saturday, when 500 to 600 GS enthusiasts made their way to Sinzig on their BMW enduros in splendid sunshine.

The manufacturer of high-quality BMW motorcycle accessories had opened its doors and organized a versatile and varied programme. The entertainment on offer included a prize draw (where entrants win prizes) and the exclusive offroad training session under the professional instruction of Dirk Thelen, the several-times German Enduro Champion.

The event took place in a relaxed atmosphere, with attendees meeting like-minded people and speaking the same language. During the presentation of the new Wunderlich components or in the test centre, visitors had the opportunity speak to the specialists while trying out the ergonomic seats, spoiler attachments or windscreens. As always, this was easy to do, because the Wunderlich employees are passionate motorcyclists themselves.

With breakfast, lunch, coffee and cake on offer, visitors were perfectly well catered for, and once again had a fantastic view of the offroad training session from the open, shaded tent, so they could follow it and offer their expert commentary.

The entertaining, relaxed event drew to a close with the certificates being handed over to the participants of the offroad training session and the prizes being awarded to the winners of the prize draw.

The next Wunderlich GS Day will take place in summer 2019.
