

COMAU ROBOTICS SIGNS NEW DISTRIBUTOR IN AUSTRIA

Comau, a leading company in industrial automation, continues enlarging its distributor network in Europe and is proud to announce its new distributor Berger Positec GmbH. Starting from January 2018 the Vienna-based company is in charge of sales and support of all Comau Robotics and Automation Products in Austria. With more than 30 years of experience Berger Positec is a sales specialist for positioning and automation solutions and serial products. Its portfolio covers driving, control and motion technology solutions and is now expanded by the Comau robot range with payloads from 3 to 650 kg as well as laser sources, autonomous mobile vehicles and welding guns.

“We are glad to have won such a professional new distributor to serve the Austrian market closely. Berger Positec is very experienced and fast acting and will deliver top level support for our Austrian customers” says Tobias Daniel, Head of Sales and Marketing at Comau Robotics and Automation Products.

About Comau:

Comau, a member of the FCA Group, is a worldwide leader in delivering advanced industrial automation solutions that integrate products, technologies and services to help companies of all sizes increase plant efficiency while lowering operating costs and optimizing returns. Headquartered in Turin, Italy, Comau has over 40 years of factory-proven experience, and an international network of 35 locations, 15 manufacturing plants and 5 innovation centers that span 17 countries and employ more than 9,000 people. With a strong focus on innovation, Comau is committed to developing competency through the formation of individuals and groups as part of its open automation approach. Comau is driving the future of production automation by engineering lean and sustainable solutions and products. Its modular, flexible and highly-configurable products can be tailored to meet the needs of each individual customer. Through the continuous development of products and services, Comau is able to lead the automation industry in every phase of a project - from design, implementation and installation, to production start-up and maintenance services. Its comprehensive offering includes manufacturing and assembly solutions, powertrain machining, robotics and asset maintenance services for a wide range of industrial sectors.
