

BIG, BIG BOXER-SPIRIT!

THE R 18 IS COMING! FINALLY, SAY THE CUSTOMERS. FINALLY, SAY THE DEVELOPERS AT WUNDERLICH!

The BMW R 18 is coming and will now be delivered to the first lucky customers. With much anticipation and a lot of good ideas, designers and developers at Wunderlich have already approached the powerful, very promising cruiser and have created and worked out designs and concepts for the suitable components. One thing is for sure: Wunderlich will focus on this boxer with a lot of verve and within a short time, customers can already expect the first components from the Ringen-based specialists for high-quality accessories for BMW motorcycles.

Felix Wunderlich comments: „The BMW R 18 is twice as attractive to us! For the R 18, we will also use all our creative and technical potential to offer innovative, attractive and perfectly matching products in the categories of ergonomics, protection, luggage, suspension, motomedia and design. Regarding design, we have already worked out concrete ideas for various exciting customizing options. Our BOXER-SPIRIT has already been used very successfully in our numerous R nineT concepts and we are looking forward to the Big Boxer. Our customers can be excited! That’s a promise!“

How far the ideas from Ringen have developed can be seen in the designs of the Wunderlich designer Nicolas Petit and those of our developers.

Some sketches by Wunderlich’s designer Nicolas Petit
