

## Test in Silverstone.

June 24<sup>th</sup> - 26<sup>th</sup> 2008  
Day one – Tuesday

Weather conditions: Warm, sunny and dry.

Temperatures: Air: 15 – 20 °C, Track: 23 – 34°C

Number of drivers participating: 10 from 10 teams

Fastest lap overall: Felipe Massa (Ferrari) 1:20.188 min

Circuit length: 5.141 km

### Robert Kubica

Chassis / engine: BMW Sauber F1.08-05 / BMW P86/8

Test kilometres today: 422 km (82 laps)

Fastest lap: 1:20.995 min

### Programme:

The first day of the three day test at the Silverstone circuit was successful for the BMW Sauber F1 Team. Robert Kubica completed 82 laps with no technical problems and, while testing different set-up options, found some good and interesting directions for the team to explore. The programme also included work on the aerodynamics, and the team is hoping these will lead to a good performance for the British Grand Prix next week.

### What comes next:

Day two will see Robert driving again. He will continue with the set-up and aerodynamic work. Also on the busy agenda will be Bridgestone tyre testing for the Silverstone race.
