Luggage instead of pillion

Stylistically confident R nineT luggage carrier from Wunderlich

Swap the pillion in favour of luggage? No problem for the R nineT driver thanks to the new luggage carrier from Sinziger motorcycle accessory specialists.

The striking and cleanly worked luggage carrier is mounted on the R nineT instead of the rear seat. It does not only carry luggage and offers numerous lashing possibilities, while at the same time it makes a statement and thus looks good.

The stable pipe luggage bridge suits all R nineT models and consists of powder-coated, black 16 mm precision steel pipes and is easily mounted on the original reinforcement points of the pillion seat. The luggage carrier is delivered for 249.00 Euros with the complete assembly kit and a five-year guarantee.
