

LACIE LaCinema Black MAX

The Ultimate Entertainment Experience

500GB*

- 710 movies or
- 165,000 songs or
- 500,000 photos or
- 250 hours of recording **

- Record your favorite TV shows and enjoy them anytime
- Play movies, photos, and music on HDTV
- Digitally store your home movies
- Play media from networked computers

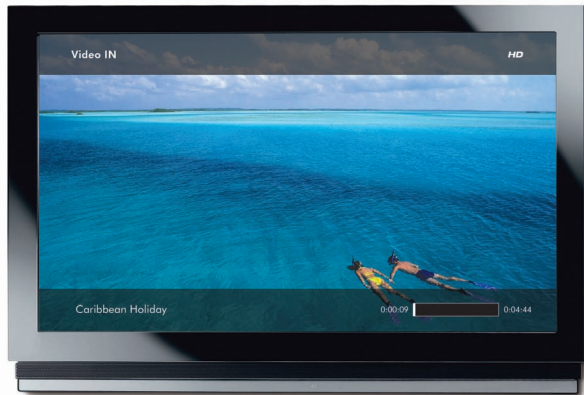

A New Kind of Entertainment Center

With the LaCinema Black MAX, you'll be able to view all your music, photos, and movies, right on your television screen. The LaCinema Black MAX comes with up to 1TB of storage built in, but using its USB port, you can increase the capacity, turning your TV into your own personal media center, with near limitless storage. Create photo slideshows for your family and friends, play your music when you want it, or view HD movies anytime; the possibilities are endless.

You're in Control

You're in charge of your TV with the LaCinema Black MAX. It allows you to easily pause or rewind live TV, or record your favorite shows to watch later. With its time shift capabilities, you can even record the beginning of a show after you've started watching it. By embedding a terrestrial digital TV tuner ready for HD, the LaCinema Black MAX offers your favorite DVR (Digital Video Recorder) features. With its easy-to-use program channel interface, you'll be able to quickly find what you need.

Capture Your Home Movies

The LaCinema Black MAX's multi-use design helps it go beyond normal multimedia hard disks. You can easily transfer your home movies, and watch them in HD. With its 1080i upscaling, you can watch your home movies in flawless definition, ensuring that your memories will last a lifetime.

Watch in High Definition

Designed with High Definition in mind, the LaCinema Black MAX allows you to watch HD movies and television programs on your HDTV. This compatibility with HDTV helps you enjoy your movies and television programs with more detail, clarity, and sharpness, making the LaCinema Black MAX a vital part of your viewing and entertainment experience.

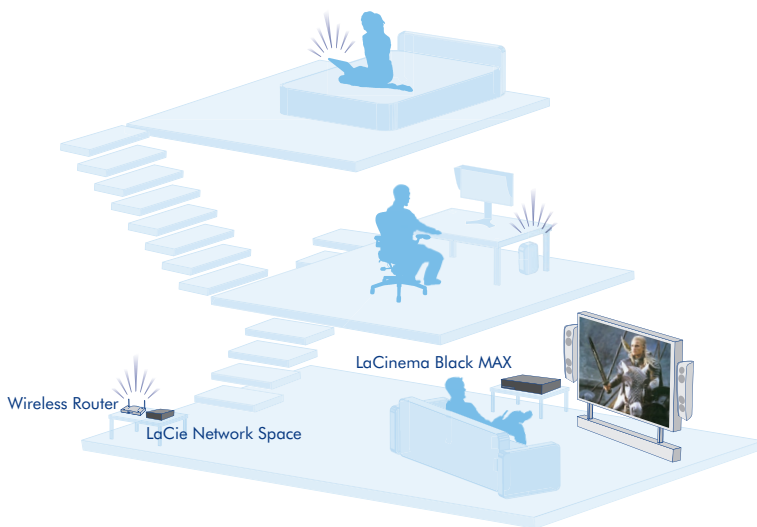

Give Your Pictures a New Dimension

Connect your digital camera to easily view your photos in full HD resolution, or create your own slideshows, complete with your own transition effects.

Your Music, How You Want It

Playlist management features and access to all of your music libraries let you play your music whenever you want, and with an optical audio output, you can enjoy your music in surround sound.

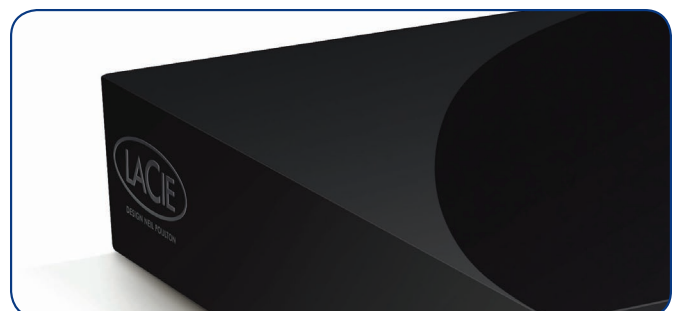

Works With You—And Your Network

The networking capabilities of the LaCinema Black MAX make it easy to access and view all of your multimedia content. A built-in UPnP client player ensures that you can connect it to a networked PC or Mac and you'll be able to load, watch, and enjoy all of your photos, music, and movies—regardless of where they're located in your house.

Functional, Sophisticated Design

Created for LaCie by world-famous industrial designer Neil Poulton, the LaCinema Black MAX goes beyond ordinary multimedia hard disks with its sophisticated design. Simply connect it to your PC via USB to transfer your digital media files; then plug it into your TV for instant playback, or access it wirelessly if you prefer.
