

## **More space for further growth: Plunet Berlin has a new office**

In November 2016, Plunet, the world's leading provider of business and translation management software, moved into a new office in Berlin-Kreuzberg. This district is the centre of Berlin's creative scene, with countless IT companies and young, well-trained specialists - the perfect location for Plunet.

The modern loft space across two floors is twice as large as the previous Berlin office. With more than 360 square meters, Plunet has not only laid the foundations for further company growth, but also created space for regular industry events.

In 2017, Plunet will fill multiple new positions and will expand the Berlin team in particular. Plunet currently has over 50 members of staff in Europe and the USA. Around half of Plunet's staff work in the Berlin office, specializing in Sales, Marketing, Product Management, Quality Assurance, Implementation and CAT interfaces. You can find an overview of all Plunet vacancies here: <http://www.plunet.com/en/open-vacancies/>

## About Plunet

With offices in Würzburg, Berlin and New York, Plunet GmbH develops and markets the business and translation management software "Plunet BusinessManager", one of the leading management solutions for the translation and localization industry.

Plunet BusinessManager provides a high degree of automation and flexibility for professional language service providers and translation departments. Using a web-based platform, Plunet integrates translation software, financial accounting and quality management systems. Within a configurable system, various functions and extensions of Plunet BusinessManager can be adapted to individual needs.

Basic functions include quote, order and invoice management, comprehensive financial reports, flexible job and translation workflow management as well as deadline, document and customer relationship management. Please ask for a detailed list of the extensive capabilities.
