TECHART in Monte Carlo

Monaco, April 2013 - TECHART Automobildesign is presenting its model range at Top Marques Monaco from April 18th to 21st 2013. The TECHART Magnum based on Porsche Cayenne Turbo, the TECHART GrandGT based on Porsche Panamera Turbo and a Porsche 911 Carrera S Cabriolet, refined by TECHART, ensures a professional appearance amongst the who's who of luxury vehicles.

Appearance

TECHART Automobildesign leaves its mark at the 10th edition of prestigious Top Marques Monaco. The 660 hp TECHART Magnum based on Porsche Cayenne Turbo, as well as the 630 hp TECHART GrandGT based on Porsche Panamera Turbo, both with special paint in Space Grey, flank a white 400 hp TECHART 911 Carrera S Cabriolet. Beside the performance data this trio is also characterized by design. Aerodynamic kits made from high-quality and resistant Polyurethan-RIM fulfil aesthetic and technical requirements equally. TECHART-typical design features like side skirts, front and rear aprons and diffusers as well as multifunctional sport steering wheels with TECHART shift paddles consistently go through exteriors and interiors of various models and provide individuality.

The TECHART performance kits TA 058/T2 and TA 070/T2 enable a power increase at the 4.8 l Bi-Turbo engines of Cayenne Turbo and Panamera Turbo by 160 respectively 130 hp over the series. The core of this power increase is represented by the TECHART engine management system TECHTRONIC. This intelligent control technology, which is quick and easy to install, impresses with its fully electronic protective functions and the vehicle's service and diagnostic capabilities which remain complete. The clear demand that TECHART has for original equipment quality is expressed through a guarantee for engine and transmission defects in line with the TECHTRONIC guarantee conditions, as well as the two-year warranty.

Proven and tested: TECHART design continues in the original TECHART wheels. Whether Formula, Formula II or Formula III light-alloy or forged wheels; the customer has various possibilities to refine his vehicle. Also available: the light-alloy wheel Formula II GTR and the forged wheel Formula III in ceramic polishing.

Visit TECHART on stand E5 at Grimaldi Forum Monaco from April 18th to 21st.

TECHART in Monte Carlo

Company profile

TECHART Automobildesign GmbH, with its headquarters in the Swabian town of Leonberg, is setting global standards when it comes to the customisation of vehicles from the Porsche brand. Founded in 1987, TECHART has been living this passion for over 25 years under the leadership of the two managing directors Thomas Behringer and Matthias Krauß. The consistent implementation of their ideas and targets has seen the company develop into a global business with over 70 employees and sales in over 30 countries. From aerodynamics and exterior designs, to technical optimisations in all vehicle sectors, to the refinement of interiors by the company's own upholstery shop, the TECHART range covers all Porsche series and models. Approved as an internationally registered vehicle manufacturer, TECHART has established itself as a premium global brand in this field.
