

## **Press Release**

St. Gallen, January 2016

# **Walt Czajkowski joins FISBA as Managing Director of its production subsidiary in Tucson, Arizona**

**FISBA is happy to announce the appointment of Walt Czajkowski as Managing Director for its US subsidiary FISBA LLC in Tucson, AZ. He has taken over his new duties in August 2015, following the launch in 2014 of the collaboration project with Edmund Optics (EO) for the development of precision molding of infrared optics based on chalcogenide glass materials.**

Walt Czajkowski has a long standing career in the field of precision optics. He has held a variety of different positions exclusively within Optics Manufacturing with assignments including Research and Development, Manufacturing Engineering, Process Engineering, Manufacturing Supervision, Project / Program Management and VP of World Wide Optics Operations.

He has launched the starting phase and taken a leading role in promoting the collaboration project between FISBA and EO and both company's management decided to have Walt focus exclusively on it. As such, Walt Czajkowski was appointed as Managing Director of the Tucson based production subsidiary of FISBA, leading a team of local FISBA employees and closely interacting with EO to achieve further success in this cooperation.

**Note to Editors**

FISBA is a world leader in customized optical components, systems and microsystems. The company is global market leader in the field of FAC for diode lasers and offers standard and individualized solutions for specific applications. FISBA also designs and manufactures products for medical applications and biophotonics as well as industrial image processing, sensor and laser industries.

350 highly qualified employees work at facilities in St. Gallen (Switzerland), Berlin (Germany) and Tucson (USA).
