

## Press release

### **EBV Elektronik to spotlight suppliers with a passion for technology at embedded world 2024**

*EBV's theme of 'Passion Performs' unites 19 supplier partners at Hall 3A, Stand 125*

**Poing, Germany, 19<sup>th</sup> March 2024** – EBV Elektronik, an Avnet company (NASDAQ: AVT), today announced its participation in this year's embedded world trade fair, taking place between 9 - 11 April at the Nuremberg Messe, Germany.

EBV will be showcasing its deep breadth of industry knowledge across five focus areas: Edge AI, Analog and Power, Automotive, Industrial, and Smart Sensing. Each focus area will be accompanied by a dedicated workstation featuring ongoing projects and the expertise of EBV's team. Visitors can observe live demonstrations from both the distributor and its 19 industry suppliers, among whom are AMD, ams Osram, Avnet Embedded, Broadcom, Espressif, Hailo, Infineon, ISSI, Kioxia, Microchip, Micron, Nexperia, Nisshinbo, NXP, onsemi, Renesas, SG Micro, ST and Toshiba. Additional EBV will host a dedicated memory workstation that enhances and completes the portfolio showcased at embedded world.

"We are delighted to present so many passionate projects from leading technology manufacturers. We believe this year's demonstrations strongly represent our commitment to bringing the latest developments for multiple application fields directly to our customers," said Sergio Timpretti, Vice President Technical Development at EBV Elektronik.

Consolidating EBV's presence at embedded world, the Exhibitor Forum in Hall 3 will feature speeches from two EBV experts:

- Wednesday, April 10th, 10:30am – 11am and 1:30pm – 2:00 pm (Hall 3A/631)  
**Single Pair Ethernet** - An update on PHYs and Switches for the different standards from Karl Lehnhoff, Director Segment Industrial, Scientific & Medical at EBV
- Wednesday, April 10th , 3 - 3:30 pm (Hall 3/561)  
An overview of the **Internet of Medical Things** from Borut Kastelic, Business Development Manager Medical at EBV

Visitors can find the EBV Elektronik booth in Hall 3A, Stand 125.

**About EBV Elektronik**

EBV Elektronik, an Avnet (NASDAQ:AVT) company, was founded in 1969 and is the leading specialist in European semiconductor distribution. EBV maintains its successful strategy of personal commitment to customers and excellent services. 240 Technical Sales Specialists provide a strong focus on a selected group of long-term manufacturing partners. 120 continuously trained Application Specialists offer extensive application know-how and design expertise. With the EBVchips Program, EBV, together with its customers, defines and develops new semiconductor products. Targeted customers in selected growth markets will be supported by the Vertical Sales Segments. Warehouse operations, complete logistics solutions and value-added services such as programming, taping & reeling and laser marking are fulfilled by Avnet Logistics, EBV's logistical backbone and Europe's largest service centre. EBV operates from 65 offices in 29 countries throughout EMEA (Europe – Middle East – Africa). For more information about EBV Elektronik, please visit [www.ebv.com](http://www.ebv.com).

**About Avnet**

As a leading global technology distributor and solutions provider, Avnet has served customers' evolving needs for an entire century. We support customers at each stage of a product's lifecycle, from idea to design and from prototype to production. Our unique position at the center of the technology value chain enables us to accelerate the design and supply stages of product development so customers can realize revenue faster. Decade after decade, Avnet helps its customers and suppliers around the world realize the transformative possibilities of technology. Learn more about Avnet at [www.avnet.com](http://www.avnet.com).
