

Press Release

Mercury-free hearing aid batteries at UNSAF 2012 in Paris-La Défense

Ellwangen, 5 April 2012

power one presents new, mercury-free hearing aid batteries in France

From 05th to 7th April 2012, the hearing aid battery brand power one will once more be the main attraction for industry professionals from the hearing aid industry. VARTA Microbattery will be presenting its full range of hearing aid batteries at the annual UNSAF (French national union of hearing aid specialists) conference in Paris.

The focus this year will be on the latest generation of mercury-free hearing aid batteries. power one MERCURY-FREE batteries join the existing range of batteries and rechargeable batteries, all of which are made in Germany. In addition to manufacturing environmentally-friendly products, VARTA Microbattery focuses in particular on environmentally compatible production techniques and the company has now been certified according to the new ISO 50001 energy management standard.
