Rohde & Schwarz Cybersecurity is an IT security company that protects companies and public institutions around the world against cyberattacks. The company develops and produces technologically leading solutions for information and network security, including highly secure encryption solutions, next generation firewalls and software for network analysis and endpoint security. The award-winning and certified IT security solutions range from compact, all-in-one products to customized solutions for critical infrastructures. To prevent cyberattacks proactively, rather than reactively, our trusted IT solutions are developed following the security-by-design approach. Around 450 people are employed at the current locations in Germany, France and Denmark. As a result of the acquisition of DenyAll, the portfolio now includes vulnerability scanners and firewalls for business-critical web applications.

Management: Ammar Alkassar (CEO), Reik Hesselbarth (CFO)

Employees: 450

Company Locations: Berlin, Bochum, Darmstadt, Hamburg, Leipzig, Munich, Saarbrücken, Montpellier, Paris and Aarhus

Product Portfolio:
- Network Analytics (e.g. DPI engine R&S®PACE, realtime traffic analytics)
- Application Security (e.g. DenyAll vulnerability scanners and firewalls for web applications)
- Endpoint & Mobile Security (e.g. Browser in the Box, Trusted Disk, BizzTrust)
- Network Security (e.g. SITLine Ethernet-Encryption, TrustedVPN, gateprotect Firewalls)
- Secure Communications (Smartphone and Landline Encryption, e.g. TopSec Mobile)

Target Markets: SMEs, large enterprises, operators of critical infrastructures, public institutions and defence
