### IP68 Ethernet Connector Extended with Flange Mounted Version

Bulgin's Buccaneer Series of IP68 protected connectors has been extended with a flange fixing panel mount version with the part number PX0870. The connector comes complete with panel sealing gasket and is fitted with a Cat 5e shielded coupler. A standard RJ45 patchcord can be connected into the rear of the connector and an additional earthwire is available as an option.

With this product, Bulgin is continuing its policy of providing affordable state of the art environmentally protected connectors meeting the requirements of IP 68 up to 100m.
