

# Rotaid AED Cabinets **TOTEM**

English  
version

# Product sheet

*The Rotaid AED Cabinets totem allows for a stand alone in- and outdoor installation of your defibrillator. The solid construction and high quality appearance make sure your defibrillator stands out and can be securely placed in practically all environments and situations.*

The modular set-up ensures an easy installation and the totem can easily be demounted when used for training and trade show purposes.

On the front, back and top of the totem, information and branding panels can be mounted. These panels are custom made, connecting to the customer's request and location, making sure the totem aligns perfectly with its surroundings.

The cabinet is safely mounted on the totem and the solid steel construction allows for installation in the most demanding environments. The double powder coated finish ensures a long-lasting appearance.
