

Ramez Younan appointed as new Chief Executive Officer

Main focus will be on the further internationalization and growth of the Orga Systems Group

Paderborn, January 12, 2010 - Rainer Neumann, CEO of Orga Systems GmbH, has decided to leave the company in order to pursue other interests. The company has appointed Ramez Younan as new Chief Executive Officer with immediate effect. Ramez, an ex senior Executive of Oracle Corporation, comes with a wealth of Telecommunication experience, established and ran global organizations advancing BSS and OSS systems and solutions at Telecommunication providers worldwide in over 45 countries globally.

Orga Systems well prepared

During his seven years tenure as Chief Executive Officer Rainer Neumann has played the leading role in Orga Systems' conversion to the leading specialist in real-time charging and billing of mobile telecommunications services. Now, thanks to Rainer Neumann's dedication, Orga Systems stands for convergent real time billing solutions that set the standard for future products and provide more than 40 of the worlds leading mobile network operators with the services they require.

Focus is on internationalization and growth

The company has appointed Ramez Younan as new Chief Executive Officer with immediate effect. As former senior Executive of Oracle Corporation, he comes with a wealth of Telecommunication experience, running global organizations and advancing BSS and OSS solutions at Telecommunication providers in 45 countries. Ramez' main focus will be on the further internationalization and growth of the Orga Systems Group to strengthen the strong relationship Orga Systems enjoys with its customers and extend Orga Systems' portfolio of products and services to future worldwide customers. Ramez Younan believes that Orga Systems' current portfolio and its leading position in the industry builds a strong platform for expansion in existing and new markets.

"I'm delighted to be part of Orga Systems' future. I strongly believe in its leading products, range of services, competence of its employees and commitment of its shareholders. I'm committed to drive the continued excellence at our customer base and extend it to new customers and regions", Ramez states.
