

Seminars on Fiber Optics

Know-how for the Networks of Tomorrow

In Germany, LASER COMPONENTS supports businesses with an extensive range of training courses on fiber optic technologies. In a series of three seminars – each building upon the contents of its predecessor – electricians and future telecom technicians will learn all the skills required for the installation and maintenance of fiber optic networks. The following courses will be held at the company facilities in Olching and Monchengladbach:

- **Introduction to Fiber Optics Technology:** Physical basics, detachable and non-detachable connectors, possibilities of optical measurement technology
- **Introduction to Optical Measurement Technology:** Attenuation measurement, OTDR measurement, cleaning and inspecting connectors, laser safety in fiber optics technology
- **Advanced OTDR Measurement:** Interpretation of measurement curves, using analysis software, acceptance standards for optical fiber cables

Upon customer request, the experts at LASER COMPONENTS have also developed customized in-house training courses to train the customer's employees in all the skills they need for their day-to-day work.

Trade Shows

EuroExpo, March 21 - 22, 2018, Trondheim, Norway, **Hall E**

analytica, April 10 - 13, 2018, Messe München, Germany, **Booth A2.500**

The Vision Show, April 10 - 12, 2018, Boston, MA, USA, **Booth 410**

Photonex London, April 18, 2018, Imperial College London, UK, **Booth S14**

SPIE Defense & Commercial Sensing, April 17 - 19, 2018, Orlando, FL, USA, **Booth 1029**

SPIE PHOTONICS Europe, April, 24 - 25, 2018, Strasbourg, France, **Booth G325**

Scandinavian Electronics Event, April, 24 - 26, 2018, Kistamässan, Sweden, **Booth C08:49**

LaSys, June 05 - 07, 2018, Messe Stuttgart, Germany, **Booth 4C33**

ANGACOM, June 12 - 14, 2018, Messe Köln, Germany, **Booth 7.B09**

Photonex Schottland, June 14, 2018, Edinburgh, UK, **Booth S5**

automatica, June 19 - 22, 2018, Messe München, Germany, **Booth B5.501**

Sensor+Test, June 26 - 28, 2018, Messe Nürnberg, Germany, **Booth 1.256**

Sensors Expo & Conference, June 27 - 28, 2018, San Jose, CA, USA, **Booth 225**

SPIE Optics+Photonics, August 19 - 23, 2018, San Diego, CA, USA, **Booth 527**

Photonex Europe, October, 10 - 11, 2018, Ricoh Arena, Coventry, UK, **Booth D15**

Vision, November 06 - 08, 2018, Messe Stuttgart, Germany, **Booth 1G31**

electronica, November 13 - 16, 2018, Messe München, Germany

The Company

LASER COMPONENTS specializes in the development, manufacture, and sale of components and services in the laser and optoelectronics industry. At LASER COMPONENTS, we have been serving customers since 1982 with sales branches in five different countries. We have been producing in house since 1986 with production facilities in Germany, Canada, and the United States. In-house production makes up approximately half of our sales revenue. A family-run business, we have more than 220 employees worldwide.
