Press Release

René Bartipan is Responsible for Laser Measurement

LASER COMPONENTS expands Sales Team

LASER COMPONENTS welcomes a new employee. René Bartipan is the contact person for laser energy measurement and laser power measurement equipment. For nearly 20 years the engineer operates in the field of technical sales and distribution. He will be on site at the customers to solve problems at hand and, if needed, to develop special designs.

The Company

LASER COMPONENTS specializes in the development, manufacture, and sale of components and services in the laser and optoelectronics industry. At LASER COMPONENTS, we have been serving customers since 1982 with sales branches in five different countries. We have been producing in house since 1986 with production facilities in Germany, Canada, and the United States. In-house production makes up approximately half of our sales revenue. A family-run business, we have more than 170 employees worldwide.
