

**Wunderlich is going to take place at this year's INTERMOT with a press conference which will be held on Tuesday, 2nd of October at 2pm.**

We are not only going to present you nothing less than a new world premiere, the completed BMW F 750/850 GS models and raffle an adventurous prize but also show you loads more of new Boxer-Spirit.

2 pm on the 2nd of October will be the moment when the press conference will be held at this year's Intermot 2018! Herewith we'd kindly like to invite you to participate at our exhibition stand B 19 in Hall 6.

It's worth it as lots of things will be offered: Frank Hoffmann, Managing Director, and Felix Wunderlich, Authorized Officer and Head of Product Management and Development, will present you an equally powerful and casual new concept bike as a new Wunderlich world premiere. A bike built up in style Wunderlich has never done before but suits us perfectly! Come and join us to get further information!

We are already looking forward presenting you a new real Wunderlich product! A product we missed, which has never existed before and in which we put all our passion as we wanted it exactly this way: The fantastic 21" Enduro-front-wheel-conversion for the BMW R nineT Scrambler and Urban G/S. This conversion does not only affect the off road credibility of the nineT's but also sets an optical accent which appeals to a real Enduro bike!

Moreover, we are ready to provide you with our new program for the new medium sized-GS although this year's start of the BMW F 750/850 GS models was rocky. We, in cooperation with Dirk Thelen, have successfully participated at the Enduro d'Agadir and we know exactly what those bikes are capable to! Therefore, we equipped them with all ergonomic and protective Wunderlich components to show you what's possible! Get more information at our exhibition stand!

However, in contrast to our medium sized GS models the G 310 GS "Rally" won't be shown at our stand. The

bike, about everyone is talking, will be presented at our boulevard stand B050. Whether you are riding it off-road or in the urban jungle, as an entry-level, re-entry-level or second motorbike, with the unmistakable, agile Wunderlich GS, the winner will be extremely well-equipped for all adventures possible. This bike can be won this year! You can take part in the prize draw at our stand!

Last but not least we are happy to announce that our new Catalog will be presented at the Intermot 2018: The Boxer-Spirit Catalog, 500 pages thick, will be published for all Boxer-Spirit enthusiasts of R nine T and Airhead-Boxers in German and English language. R nine T meets Airhead-Boxers, that's the Wunderlich Boxer-Spirit. We already reserved a Catalog for you!

As we've said, it's worth it and we are looking forward to your visit!
