

SMA Solar Technology AG press release

Constanze Hufenbecher newly appointed to SMA Supervisory Board

Niestetal, September 2, 2024 – The Kassel District Court has appointed Constanze Hufenbecher, member of the shareholder's committee and supervisory board of the Voith Group and former chief digital transformation officer on the board of Infineon, to the Supervisory Board of SMA Solar Technology AG (SMA/FWB: S92). She replaces Roland Bent as a shareholder's representative following his decision to step down from the Supervisory Board after nine years of service on August 31, 2024, for personal reasons.

"We are delighted that in Ms. Hufenbecher we found such a talented and highly qualified successor to Mr. Bent," said chairman of the SMA Supervisory Board Uwe Kleinkauf. "Ms. Hufenbecher brings with her a wealth of valuable expertise in digitalization as well as extensive financial and environmental social governance (ESG) experience from a range of industries. I have no doubt that her proven success in driving major transformations at global corporations will further the growth and development of SMA."

Uwe Kleinkauf thanked Roland Bent for his achievements over nearly ten years on the Supervisory Board and wished him all the best for the future. "Mr. Bent has a deep understanding of the interplay between technical and commercial challenges, which has been of great benefit to SMA on numerous occasions. We have also gained from his clear and razor-like focus on finding the right solutions to difficult situations," added Uwe Kleinkauf. "His respectful manner coupled with his calm and modest persona have made him a pleasure to work with."

Hufenbecher graduated in business administration and has held a number of leadership roles in several different industries. After five years as finance director at Lufthansa subsidiary Lufthansa Technik she was a member of the board and chief digital transformation officer at Infineon Technologies AG until 2023. Hufenbecher has been a member of the shareholders' committee and supervisory board of Voith GmbH & Co. KGaA, Heidenheim since 2019 as well as being chair of the audit committee. The family-owned enterprise offers a wide range of products and services in the energy, paper, raw materials and transport sectors. It has a global workforce of 21,000 people in more than 60 countries.

About SMA

As a leading global specialist in photovoltaic and storage system technology, the SMA Group is setting the standards today for the decentralized and renewable energy supply of tomorrow. SMA's portfolio contains a wide range of efficient PV and battery inverters, holistic system solutions for PV and battery-storage systems of all power classes, intelligent energy management systems and charging solutions for electric vehicles and power-to-gas applications. Digital energy services as well as extensive services round off SMA's range. SMA inverters installed throughout the world within the last 20 years with a total output of approximately 132 GW help avoid the emission of more than 70 million tons of CO₂. SMA's multi-award-winning technology is protected by more than 1,600 patents and utility models. Since 2008, the Group's parent company, SMA Solar Technology AG, has been listed on the Prime Standard of the Frankfurt Stock Exchange (S92) and is listed on the SDAX and TecDAX index.
