

## **PRESS RELEASE**

### **Enso SmartPack acquires RF-iT Solutions GmbH Graz, an Austrian RFID Software Company**

(Graz/London, 2011-10-04) **Enso SmartPack GmbH** [Vienna/Austria] announced the acquisition of **RF-iT Solutions GmbH** [Graz/Austria]. Enso's engagement is regarded as an excellent step to accelerate the development of the company.

RF-iT Solutions provides outstanding RFID solutions based on their comprehensive detego® SUITE software. With a staff of about 20, the company is focused on a scalable Auto-ID software product and a leading RFID operating environment, which serves as a platform for system integrators, software manufacturers and operators. With detego® there is a strong and international oriented product available that offers maximum flexibility.

"We believe that becoming a part of Enso Group will provide RF-iT Solutions with the resources and market access that will benefit our customers as well as our partners", says DI Alexander Gauby founder and CEO of RF-iT Solutions.

"RF-iT has a history of developing cutting edge technology solutions for IT customers. The detego® SUITE from RF-iT is a best in class solution offering which has been designed from the ground up to be modular and flexible to support customers solutions in multiple markets. We believe that RF-iT is a perfect strategic fit to our current smart packaging initiative at Enso SmartPack. We intend to fully support RF-iT in its current marketing efforts with plans to expand into multiple industries into the future", says Kevin R. Lewis, Director Enso SmartPack.

#### **About Enso Group**

Enso Holding Ltd focuses on Innovation & Commercialization in the area of Advanced Materials, Composites and Smart Packaging.
