Title

English AFRISO Catalogue as CD or download

Start

The three new AFRISO catalogues 2015/2016 “DOMESTIC TECHNOLOGY”, “PORTABLE MEASURING INSTRUMENTS” and “INDUSTRIAL TECHNOLOGY” can now be ordered on one CD in English and German language. They are also ready for download in English and German at www.afriso.com/completecatalogue15-16. The catalogue DOMESTIC TECHNOLOGY covers products for heating systems, alarm units and smart building systems. The catalogue PORTABLE MEASURING INSTRUMENTS contains portable instruments for flue gas analysis as well as inspection and servicing equipment. The catalogue INDUSTRIAL TECHNOLOGY comprises measuring instruments for pressure, temperature and level, equipment for process engineering and systems for stationary gas analysis. The clearly structured AFRISO CD describes more than 25,000 products on a total of more than 900 pages. The programme was once again extended by numerous innovative products and monitoring products for a great variety of applications for building technology, industry and environmental protection. The new AFRISO CD can be ordered free of charge at www.afriso.com/catalogue.
