FOR IMMEDIATE PUBLICATION

Canvys Names New Vice President & General Manager for its European Division

Donaueschingen, Germany - 2011-11-16. Canvys, a division of Richardson Electronics, Ltd., announces Matthias Trietsch (47) as the new Vice President and General Manager for Canvys Europe. He will lead the European headquarters and production facility and be focused on growing the customer base throughout Europe and other industry sectors.

Matthias Trietsch joins Canvys from Triax Austria GmbH where he was managing director since 2008. His previous professional experience includes 20 years of IT related experience working for several companies including LG Electronics GmbH and debis IT Services where he held various sales and marketing management positions. Matthias also spent several years working in the Asia/Pacific region where he successfully developed and implemented a new regional strategy and business headquarters.

“We have been successful developing and marketing customized display solutions for industrial and medical OEMs primarily in Germany. Matthias brings new ideas, international experience and relationships, and a strategic framework which will drive profitable growth through process improvements as well as geographic and product line expansion”, said Wendy Diddell, Richardson Electronics’ Executive Vice President Corporate Development and General Manager for Canvys.
