

## **Lantech Communications Europe GmbH signs distribution deal with ELPACK S.R.L. ITALY**

Lantech Communications Europe GmbH closes a distribution contract spanning Lantech's complete product range with ELPACK S.R.L located in Novate, Italy. Lantech Communications Europe GmbH is a globally operating network technology manufacturer with more than 20 years experience, and its premium active network components perfectly complements ELPACK network solutions portfolio.

Moreover, it is a big step towards the realization of a total service with a complete supply for industry. ELPACK Srl, leader for 30 years in networking and 19" electronic solutions is the fundament for this successful partnership.

Lantech Communications Europe GmbH offers innovative network technologies for industry and enterprise-customers. In addition, Lantech Communications Europe GmbH, located in Germany, guarantees customers quick support. The main aim is not to sell one equipment, but to offer customers complete and satisfying solutions.

The agreement with ELPACK S.R.L. aims at a close and solution-oriented cooperation. It will enable both parties to work together on finding the best solution faster and more effectively.
