

## PRESS RELEASE

# ISEC7 GROUP ANNOUNCES PARTNERSHIP WITH ANSWERTHINK

SAP® gold channel partner to integrate ISEC7's Mobility for SAP solutions in the U.S. and India.

HAMBURG/NEW YORK/MIAMI, OCTOBER 30, 2012

Leading global mobile business solutions and services specialist, the ISEC7 Group, has closed a partnership with Answerthink, an SAP® gold channel partner. With its expertise in SAP solutions and in-depth knowledge of best practices in finance, HR, supply chain, CRM, portal and web services, Answerthink helps clients generate more value from their systems running SAP solutions. As of now, the company will act as ISEC7's integration partner to implement ISEC7's Mobility for SAP solutions for clients in the U.S. and India.

ISEC7 Group CSO and President ISEC7 Group U.S., Michael Brandt, comments, "We have been working with Answerthink for quite some time and are happy to announce our cooperation. With their intense knowledge of SAP solutions, Answerthink is the perfect partner for us. Hereby, we are strengthening our capabilities to support customers with their mobile strategies and extending our presence in the U.S. and Indian markets."

Group Managing Director of SAP Solutions, Answerthink, John McGrath, adds, "As a business consulting specialist, we are always aware of high-quality mobile solutions providers in this area. We are pleased that ISEC7 chose us for their U.S. and Indian operations, thus giving us the opportunity to provide our clients with mobile access to SAP solutions through ISEC7's Mobility for SAP."

As a distinguished pioneer in the business mobility market, ISEC7 has developed a range of proven solutions.

Mobility for SAP has been internationally recognized for its mobile access to SAP data. The ISEC7 solution provides access to and works with SAP data via smartphones and tablets. It offers flexible customization while remaining easy to implement. Mobility for SAP is cost effective, as it requires no further middleware. Current international ISEC7 clients benefitting from this solution include Merz Pharma, Bayer AG, Nyrstar NV, ABB and Canadian Rail. In addition to Mobility for SAP, ISEC7 is also the developer of the multi-award-winning, comprehensive mobile device management (MDM) solution B\*Nator.

With the new solution Mobility for SAP Inspection & Service staff are granted mobile access to service requests as well as being able to immediately transfer information directly into SAP ERP via their mobile devices.

## ABOUT ISEC7

The ISEC7 Group ([www.isec7.com](http://www.isec7.com)) is a global provider of mobile business services and software solutions. The company was one of the first movers in mobilizing company and business processes. Today, ISEC7 counts several renowned Fortune 100 companies and governmental agencies as committed customers. The company continually invests in the evaluation and development of new technologies. ISEC7 solutions, such as B\*Nator, Mobile Exchange Delegate and Mobility for SAP have proven to be groundbreaking in the mobility sector. B\*Nator, a comprehensive globally applicable Mobile Device Management solution, has been presented the „Most Innovative Enterprise Application“ by BlackBerry. Mobility for SAP allows access to SAP backend without the need for additional middleware. ISEC7 was founded in Hamburg in 2003. The company operates globally with offices in Germany, USA, Switzerland, Spain and Brazil.
